OUR HISTORY

CAFCA was forged out of the commitment and expertise of a group of counsellors who formed the Greater Victoria Child and Family Counselling Association (CAFCA) in 1986.

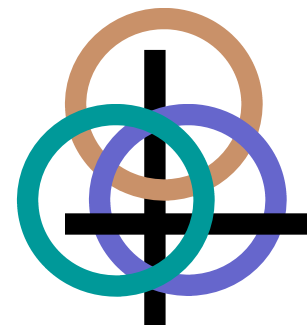

CAFCA continues to be an accredited, member driven non-profit organization, that works in partnership with the Ministry of Children and Family Development (child protection, youth and community living services) and further helps parents with children/ youth diagnosed with Autism Spectrum Disorder. We have a volunteer board of directors who represent a variety of professions and lifestyles in the community.#

WHAT WE OFFER YOUR COMMUNITY

The Greater Victoria Child and Family Counselling Association (CAFCA) is an accredited, community based counselling agency that provides guidance and support to children, youth, parents and families.

We are committed to promoting community and family well-being. We do this by providing the most comprehensive, high quality, integrated service available in Greater Victoria.

Our referrals for child protection, youth services and community living services come directly from the Ministry of Children and Family Development. We also provide services and support to parents of children/youth diagnosed with Autism Spectrum Disorder. This program is open to the public.

OUR MISSION

Bringing good things to life,
one child at a time

Our first responsibility is to serve children, youth and families. One child at a time, we support and facilitate positive change and promote family strength, resiliency and development.

- We believe everyone deserves to be treated with respect and dignity.
- We are responsible to our employees.
- We encourage employees to feel free to make suggestions and complaints in an open and honest environment.
- We promote wellness through wisdom, compassion and humour by delivering our services with these values always present in everything we do.
- We embrace diversity and promote community integration. Our final responsibility is to the communities in which we live and work and to the world community as a whole.

OUR COMMITMENT

Is to work in partnership with the Ministry of Children and Family Development and parents with children/youth diagnosed with Autism Spectrum Disorder, to:

- Assist families where there is a concern about children's welfare.
- Help youth move towards independence.
- Support children, youth and families to cope with mental challenges.
- Promote the health and well being of families and their individual members by developing and delivering quality counselling, educational and supportive services.
- Provide services and support to parents with children/youth diagnosed with Autism Spectrum Disorder.#
